

Environmental Policy

Leachate Solutions, recognises that concern for the environment should be an integral part of the business we undertake. Through our activities we will endeavour to minimise any adverse environmental impacts, including those on land, air and water. We also place resource conservation at the heart of our business.

Leachate Solutions commits to an Environmental Management System in accordance with the requirements of the International Standard.

Environmental impacts and aspects of our business activities will be effectively managed in order to protect the environment, the health and safety of our employees, customers and members of the public.

Our objectives are to:

- Seek to continually reduce and minimise our environmental impacts;
- Comply with applicable legal requirements and with other requirements that relate to our environmental impacts;
- Seeking to keep wastage to a minimum and maximise the efficient use of materials and resources;
- Promoting waste prevention and resource efficiency and conservation and;
Purchase products and services from sustainable sources.
- Continually aim to improve our environmental performance, including energy conservation and resource efficiency

Leachate Solutions will ensure that appropriate resources will be made available to ensure that this policy is implemented and maintained.

This policy statement will be regularly reviewed and updated as necessary. The management team endorses these policy statements and is fully committed to their implementation.

Date - 3rd November 2023
